You will agree with me when I say, IIT exam is considered as one of the hardest and most prestigious exams in India. For preparation, you have to study very hard. you can take coaching or prepare through self-study.

Top 20 IIT Coaching in Kota | Eduly

The cause of poor performance in machine learning is either overfitting or underfitting the data. In this post, you will discover the concept of generalization in machine learning and the problems of overfitting and underfitting that go along with it. Let's get started. Supervised machine ...

Overfitting and Underfitting With Machine Learning Algorithms

@BramVanroy: If you're performing millions of updates rather than just counting millions of strings, that's a different story. The optimization effort in Counter has gone into counting large iterables, rather than counting many iterables. Counting a million-string iterable will go faster with Counter than with a manual implementation. If you want to call update with many iterables, you may be ...
